

## Technical Specifications

---

Insulation Voltage	: 4000V
Electrical Shock Resistance Withstand Voltage Uimp	: 4 kV
Dielectric Withstand Voltage	: 2000V
With Electrical Control	: 250k times on/off withstand
With Mechanical Control	: 500k times on/off withstand
Max. Operation Rated Current	: 16 A
Max. Operating Rated Voltage	: 250V AC
Working Power	: 25VA
Operating Temperature	: Between - 5°C + 40°C
Stocking Temperature	: Between - 40°C + 80°C
Body Structure with Non-Conducting Fire	: Heat-resistant up to 960°C
Protection Class	: IP 20
Connection Capacity	: 10 mm <sup>2</sup> Rigid Cable, 6 mm <sup>2</sup> Flexible Cable
